

“Weed Garden” Description

Weeds or Wildflowers.... which are they??? Both! Let's create these misunderstood flowers using hand embroidery techniques such as Stumpwork (3-D Embroidery from the 1700's). Stitches include Bullions, Turkey Work, Fly Stitched Leaves and much, much more! These little works of art can be displayed in an accordion book format or framed for a wall. Susan will teach you lots of fun techniques using threads, ribbons, beads and more. We'll be using hand dyed fabrics, threads and some vintage silk and ribbons for texture creations.
